

# Put You in a Song

Keith Urban

He-eh-ey ooh oh ooh  
Well, here you come again and you're lookin' so fine  
You don't notice me but it's alright  
I'm just a guy who wishes that I could be your man someday Yeah, a picture paints a thousand  
words, it's true  
But it's still not enough for how I feel about you  
I wanna put you in a melody, I gotta set you to a groo-oove I wanna put you in my car and drive  
And turn you up loud  
Roll down all the windows and shout it out  
I love this girl If I could press play, repeat, how happy I'd be  
Wherever I'd go I'd have you there with me  
You'd be right where you belong  
I wanna put you in a so-oong-ooh-ooh  
Well, I'll sing about your smile and your pretty blue eyes  
The way your hair shimmers in the sunlight  
It'd be so easy, I'll just write it from my heart 'Cause I gotta tell the world what you mean to me  
Wrap you up in a melody  
So you'll be stuck in my head all day  
'Cause you're already there anyway, yes you are I wanna put you in my car and drive  
And turn you up loud  
Roll down all the windows and shout it out  
I love this girl If I could press play, repeat, how happy I'd be  
Wherever I'd go I'd have you there with me  
You'd be right where you belong  
I wanna put you in a song And if I get it right everybody will be singin' along, oh yeah  
And when they see you on the street they'll say  
"Hey, ain't you the girl in that song?"  
I wanna put you in my car and drive  
And turn you up loud  
Roll down all the windows and shout it out  
I'm in love with this girl Yeah, if I could press play, rewind a couple million times  
Imagine for a moment that you're all mine  
Every night I'd drive you home  
If I could put you in a Let me put you in a song  
Eh eh eh  
Let me put you in a song  
Oh, a pretty little song about you, baby
