Can't Breathe

Leona Lewis

What am I fighting? Afraid of losing It's like I'm not in control I'm watching myself fall down Thinking you won't be around You know you got my heart unlocked And even if I want to run I can't goGo, go I don't wanna go, go Got nowhere to go, go I don't wanna go, go I can't breathe Without you I get weak And I can't breathe And I can't breathe And I can't breathe Without you near me And I can't breathe And I can't live without you I can't And I can't breathe And I can't breathe And I can't breathe Without you near me And I can't breathe And I can't live without you I can't Maybe I make believe You're not different But you got me in love Don't wanna be alone again I cannot function without you here My indecisions and all my fears Get higher higher day by day Higher higher But I can't goGo I don't wanna go, go Gotta let it go, go I don't wanna go, go I get weak Without you I can't breatheAnd I can't breathe And I can't breathe And I can't breathe Without you near me And I can't breathe

And I can't live without you I can't And I can't breathe And I can't breathe And I can't breathe Without you near me And I can't breathe And I can't live without you I can'tOh, It's just not fair that I'm lost in your warmth That I just can't breathe Just can't breathe I'm coming up, coming up for a breath Coming up, coming up for a breath Coming up, coming up for a breath Coming up, coming up for a breathAnd I can't breathe And I can't breathe And I can't breathe Without you near me And I can't breathe And I can't live without you I can't And I can't breathe And I can't breathe And I can't breathe Without you near me And I can't breathe And I can't live without you I can'tOh...
