

When I Was a Boy

Jeff Lynne's ELO

This was off the last album "Alone in the Universe"
And it's called "When I Was a Boy" When I was a boy, I had a dream all about the things I'd
like to be
Soon as I was in my bed, music played inside my head
When I was a boy, I had a dream When I was a boy, I learned to play far into the night and drift
away
Don't want to work on the milk and the bread
I just want to play my guitar instead
When I was a boy, I had a dream
And radio waves kept me company
In those beautiful days when there was no money
When I was a boy, I had a dream When I was a boy
I had a dream finding out what life could really mean
Don't want a job cause it drives me crazy
Just wanna sing, "Do you love me, baby?"
When I was a boy, I had a dream
And radio waves kept me company
In those beautiful days, when there was no money
When I was a boy, I had a dream When I was a boy
