## Cigarettes After Sex

You leapt from crumbling bridges watching cityscapes turn to dust  
Filming helicopters crashing in the ocean from way aboveGot the music in you baby, tell me  
why  
Got the music in you baby, tell me why  
You've been locked in here forever and you just can't say goodbyeKisses on the foreheads of  
the lovers wrapped in your arms  
You've been hiding them in hollowed out pianos left in the darkGot the music in you baby, tell  
me why  
Got the music in you baby, tell me why  
You've been locked in here forever and you just can't say goodbye  
Your lips, my lips, apocalypse  
Your lips, my lips, apocalypse  
Go and sneak us through the rivers, flood is rising up on your knees, oh please  
Come on and haunt me, I know you want me  
Come on and haunt meSharing all your secrets with each other since we were kids  
Sleeping soundly with the locket that she gave you clutched in your fist  
Got the music in you baby, tell me why  
Got the music in you baby, tell me why  
You've been locked in here forever and you just can't say goodbye  
You've been locked in here forever and you just can't say goodbyeOh  
When you're all alone, I will reach for you  
When you're feeling low, I will be there too
