

# All That's Left (feat. The Time Jumpers)

Miranda Lambert

Get your shoes on, get your suitcase, your stereo and all of your CDs  
No more talking, just start walking  
Cause all that's left for you to do is leave  
Tell your lawyer it's all over  
Forget what he's got up his sleeve  
No more singing, no more whining  
Cause all that's left for you to do is leave  
All that's left for you to do is leave  
You said goodbye a long, long time ago  
There's the door, there's your car  
Here's the keys  
And all that's left for you to do is leave  
Leave the dog here, he don't like you and we'll go walking anytime we please  
Leave the cat here, leave my hat here, 'cause all that's left for you to do is leave  
I'll keep the diamond on my finger and you'll keep all the bitter memories  
Leave the dishes, no more kisses, 'cause all that's left for you to do is leave  
All that's left for you to do is leave  
You said goodbye a long, long time ago  
There's the door, there's your car  
Here's the keys  
And all that's left for you to do is leave  
All that's left for you to do is leave  
You said goodbye a long, long time ago  
There's the door, there's your car  
Here's the keys  
And all that's left for you to do is leave  
There's the door, there's your car, here's the keys And all that's left for you to do is leave
