

The Fly

Chubby Checker

C'mon c'mon and do the fly with me.
Hey c'mon everybody and do the fly with me.
Well if you don't know how to do it, just watch and see.
You've got shake your hands all around and around the sky.
And then you buzz around the floor, you can do it if you really try.
All the girls and boys are getting wise, they're gonna fly.
Oh you pretty let girl come away and fly with me.
Oh pretty little Girl's come away with me.
We're gonna fly to the sky, but you're never far away from me.
Oh yeah, hey.
Don't you know, you've got to shake your hands all around and around the sky.
And then you buzz around the floor, you can do it if you really try.
All the girls and boys are getting wise, they're gonna fly.
Fly baby.
C'mon c'mon and do the fly with me.
Hey c'mon everybody and do the fly with me.
Well if you don't know how to do it, just watch and see.
Yeah fly, c'mon baby.
Fly, fly, fly fly, brrrr fly.
