## H.E.R.

Wul on now, hahaha  
Hear seh, mi wan' where da boi come from, yeah  
It's Swagg did it  
Wul up, pull up Wait (Come on now), what did you do to me?  
Way past infatuation  
This connection that we make, make  
And babe (Ooh)  
Keeping me up 'til late  
It's only 'cause I can't wait 'til  
'Til you come to my place, place You say bye, baby, let me be wrong  
On my mind like my favorite song  
Promise me you won't leave me 'lone  
No, no, no, 'cause  
All the things you do to me, do to me, do to me, do to me, yeah  
All the things you do to me, do to me, do to me, do to me, yeah  
I love the way you touch me, hold me, make me wanna sing (Yeah)  
Drive me crazy with everything you do to me, do to me, do to me, do to me, yeah  
Oh, oh Why, why you make me so blind?  
Just looking in your eyes, you  
Took my soul for a ride, ride  
How, how you make me fall down?  
Tripping over the sound of  
You loving me so loud, loud You say bye, baby, let me be wrong  
On my mind like my favorite song  
Promise me you won't leave me alone  
No, no, no, 'cause  
All the things you do to me, do to me, do to me, do to me, yeah (Ooh)  
All the things you do to me, do to me, do to me, do to me, yeah  
I love the way you touch me, hold me, make me wanna sing (Yeah)  
Drive me crazy with everything you do to me, do to me, do to me, do to me, yeah  
Oh, oh Bam, bam-bam, di-dam, bam-bam  
None like you, where'd you come from?
