

# Early Morning

[a-ha](#)

Early Morning  
Eight o'clock precise  
I see the lonely August sun arise  
Say you know you will  
Move me like you do  
Out in the fields I'm waiting the whole night through Early morning  
Early morning, yeah  
Ran the whole way  
Down to the tracks  
Through the doorway  
Then a last look back  
Say you know you will  
Save me like you do Out in the fields I'm waiting the whole night through Early morning  
Early morning, yeah  
Out in the fields  
I climbed all the stairways  
To find the rooftop clear  
Got the shotgun  
Lying with me here  
Say you know you will  
Move me like you do  
Out in the fields  
I know how it feels, yeah  
Early morning  
Early morning, yeah  
Out in the fields  
Early morning  
Eight o'clock precise
