

# I Wrote This Song 4 U (feat. killedmyself)

## Lil' Bo Weep

i wrote this song for you  
i gave you all i knew how toi kept you in my mind and..  
i just need you to listeni miss you every day  
nothing is ever the same,  
without you i am not me  
my soul is empty i feel..so fucking empty  
so fucking tired  
i just need you by my side  
so fucking empty  
so fucking tired  
i just need you all the time  
everyone is growing  
everyone is coping  
i dont know how to feel  
i dont know to handle this..why do i feel so alone?  
why do i feel like i'm always on my own
