

I Wrote This Song 4 U (feat. killedmyself)

Lil' Bo Weep

i wrote this song for you
i gave you all i knew how toi kept you in my mind and..
i just need you to listeni miss you every day
nothing is ever the same,
without you i am not me
my soul is empty i feel..so fucking empty
so fucking tired
i just need you by my side
so fucking empty
so fucking tired
i just need you all the time
everyone is growing
everyone is coping
i dont know how to feel
i dont know to handle this..why do i feel so alone?
why do i feel like i'm always on my own
