

Emtee

Otep

eye remember
sufferingeye remember
... feeling the stingof childhood
& injections holy bruises
sweet infections soaked
in
a
stew
like drowning
cockroaches
whose only .
crime was the
greed of
inherent
hungeru know where
eye'm fragileu know how
to kill...killall fall away
all fall today PAIN!
pain.i can't keep
this rage in me
can't keep
pretending can't be
this emtee...anymore i can
make
it go away... make it go away
