

Euphoria (feat. Travis Scott & Kaash Paige)

Don Toliver

Euphoria, I'm drownin' in euphoria
Drownin' in euphoria, euphoria Sleep alone by my phone all the time
Check my phone, already knowin' it's dry
Fake friends and old hoes, they all bangin' my line
Tryna get the patience, but I have no time
Like a dead man walking
Try to speed time (Told you), 'cause I know you
Funny how they never care about the old you
I'ma blow up (Blow up), that's what I'm 'posed to ('Posed to)
After I blow up, act like I don't know you (Know you)
Euphoria, I'm drownin' in euphoria (Oh-oh-oh, oh)
Drownin' in euphoria, drownin' in euphoria (Oh-oh-oh, oh) I pulled off, off the street (Pulled
off, pulled off)
Took two down, help me bleed (Ooh)
Hate when I'm in that mode (In that mode)
I should pull up (I should pull up) with the
That's too easy
Say somethin' to me, but I'm not good at reachin'
I tried that reason (I tried that reason)
Secret lust, leave alone, then come back on this side (This side)
We both half high (Half high) Euphoria, tell me right now if I can get high with you (Get high)
Euphoria, ask me right now and I'll tell you all the truth (Tell you all the truth) Euphoria, I'm
drownin' in euphoria (Oh-oh-oh, oh)
Drownin' in euphoria, drownin' in euphoria (Oh-oh-oh, oh)
Seems like I came in time (Seems like)
But I thought I could do better, babe
Think about you every day (Seems like)
Just like the diamond, you shine (Seems like)
Too many girls in other states
I wouldn't have told you anyway
I guess you hot enough (Hot enough)
I called you four times, I guess you mad or what? (Mad or)
And me bein' me, I guess I'm outspoken (Yeah)
I leave all these girls around my house heartbroken Euphoria, tell me right now if I can get high
for you
Euphoria, ask me right now, and I'll tell is all the truth Euphoria, I'm drownin' in euphoria
Drownin' in euphoria, euphoria
Euphoria
