

The No. 1 Song In Heaven

Sparks

This is the no. 1 song in heaven
Written, of course, by the mightiest hand
All of the angels are sheep in the fold of their master
They always follow the Master and His plan
This is the no. 1 song in heaven
Why are you hearing it now, you ask
Maybe you're closer to here than you imagine
Maybe you're closer to here than you care to be
This is the no. 1 song in heaven
Written, of course, by the mightiest hand
All of the angels are sheep in the fold of their master
They always follow the Master and His plan
This is the no. 1 song in heaven
Why are you hearing it now, you ask
Maybe you're closer to here than you imagine
And maybe you're closer to here than you care to be
