## **Body on Me (feat. Chris Brown)**

## Rita Ora

Baby, let's cut down the lights
I just really wanna let this fire burn bright
I'm just telling you to have an open mind
Just imagine usYou're taking me there, you're taking me there

Our lips are barely touching So do it again, so do it again

We could be on to something Heyo, heyo, I just wanna feel your body on me

Heyo, heyo, if you want it then you got it, hold me

No more, no more wasting time

We can, we can go all night

Heyo, heyo, I just wanna feel your body on me

Ayayayayayayayaya

Body on me

Ayayayayayayaya

Body on me

Put you up against the wall

And I'ma go to work 'til you get off

Baby, soon as you're done we'll go some more

Girl, just imagine us You're taking me there, you're taking me there

Our lips are barely touching

So do it again, so do it again

We could be on to something Heyo, heyo, I just wanna feel your body on me

Heyo, heyo, if you want it then you got it, hold me

No more, no more wasting time

We can, we can go all night

Heyo, heyo, I just wanna feel your body on me

Ayayayayayayaya

Body on me

Ayayayayayayayaya

Your body on me

Ayayayayaya

Your body on me

Ayayayayayayayaya

I'm not asking for too much, put your fingertips on me

Don't wait 'til the sun's up, we can keep this in between

Us, only nobody has to know what's going down right now babyHeyo, heyo, I just wanna feel

your body on me

Heyo, heyo, if you want it then you got it, hold me

No more, no more wasting time

We can, we can go all night

Heyo, heyo, I just wanna feel your body on me

Ayayayayayayaya
