

Like Home (Dillon Francis Remix)

[Nicky Romero & NERVO](#)

Love the way they all keep talking
Everybody likes the sound
But no one ever hears me crying, crying out
You make it feel like home
You make it feel like home
Like home Like home
Like home
Like home
Never been so scared of losing
But never understood the calm
So take me where I wanna be - back in your arms
Cause you make it feel like home
You make it feel like home
Like home
Like home
Only you only you only do this
Only you only you only do this
And it's never the same cause
You make it feel
You make it feel like home
