

First Time

Carly Rae Jepsen

You are the heartbreak, we'll make it feel like the first time, first time
Catching tears like
raindrops in the grass
Keep them safe in case you should ever ask
Or if you'd like, we don't need to talk about it, I don't care
I will wait right here by my window sill
For the sun to call me, if it ever will
Everyone says I can never get my heal but I don't care
We won't get too sentimental, love,
tonight
I could meet you in the middle, we won't fight
Cause when my heart breaks
It always feels like the first time, first time
But if you stay here
We could kiss away the goodbye, goodbye
You are the heartbreak
We'll make it feel like the first time, first time
And if you stay here
We could kiss away the goodbye, goodbye
Looking back I followed you everywhere
We were kids just playing with truth and dare
Lets be honest, no one else can take me there, but I don't care
We won't get too sentimental,
love, tonight
I could meet you in the middle, we won't fight
Cause when my heart breaks
It always feels like the first time, first time
But if you stay here
We could kiss away the goodbye, goodbye
You are the heartbreak
We'll make it feel like the first time, first time
And if you stay here
We could kiss away the goodbye, goodbye
Don't you, I hope that you want you
Make it up and start it over
Don't you, I hope that you want you
Make it up and start it over
Feels like the first time
Cause when my heart breaks
It always feels like the first time, first time
But if you stay here
We could kiss away the goodbye, goodbye
we'll make it feel like the first time, first time
oh, oh, oh, feels like the first time
if you stay here
we could kiss away the goodbye, goodbye
