O.P.P.

Naughty By Nature

Army with harmony
Dave drop a load on 'emOPP how can I explain it
I'll take you frame by frame it
To have y'all jumpin' shall we singin' it
O is for other P is for people scratchin' temple
The last P, well, that's not that simple
It's sorta like another way to call a cat a kitten
It's five little letters that are missin' here
You get on occassion at the other party
As a game 'n it seems I gotta start to explainin'
Bust it

You ever had a girl and met her on a nice hello
You get her name and number and then you feelin' real mellow
You get home, wait a day, she's what you wanna know about
Then you call up and it's her girlfriend or her cousin's house
It's not a front, F to the R to the O to the N to the T
It's just her boyfriend's at her house

(Boy, that's what is scary)It's OPP, time other people's what you get it There's no room for relationship there's just room to hit it How many brothers out there know just what I'm gettin' at Who thinks it's wrong 'cos I'm splittin' and co-hittin' at Well if you do, that's OPP and you're not down with it

But if you don't, here's your membership

You down with OPP?

(Yeah you know me)

You down with OPP?

(Yeah you know me)

You down with OPP?

(Yeah you know me)

Who's down with OPP?

(Every last homie) You down with OPP?

(Yeah you know me)

You down with OPP?

(Yeah you know me)

You down with OPP?

(Yeah you know me)

Who's down with OPP?

(All the homies) As for the ladies, OPP means something gifted

The first two letters are the same

But the last is something different

It's the longest, loveliest, lean, I call it the leanest

It's another five letter word rhymin' with cleanest and meanest

I won't get into that, I'll do it, ah, sorta properly
I say the last P hmm stands for propertyNow lady here comes a kiss
Blow a kiss back to me, now tell me exactly

Have you ever known a brother who have another like ah girl or wife?

And you just had to stop and just 'cos he look just as nice?

You looked at him, he looked at you and you knew right away

That he had someone but he was gonna be yours anyway?

You couldn't be seen with him at all and still you didn't care'Cos in a room behind a door no one but y'all are there

When y'all are finish, y'all can leave and only y'all would know And then y'all could throw the skeleton bone right in the closet door Now don't be shocked 'cos if you're down I want your hands up high

Say "OPP," "OPP!" I like to say with pride

Now when you do it, do it well and make sure that it counts You're now down with a discountYou down with OPP?

(Yeah you know me)

You down with OPP?

(Yeah you know me)

You down with OPP?

(Yeah you know me)

Who's down with OPP?

(Every last lady)You down with OPP?

(Yeah you know me)

You down with OPP?

(Yeah you know me)

You down with OPP?

(Yeah you know me)

Who's down with OPP?

(All the ladies) This girl ah tried to OPP me I had a girl and she knew that matter of fact

My girl was partner's that had a fall out

Disagreement, yeah an argument

She tried to do me so we did it in my apartment, bust it

That wasn't the thing it must have been the way she hit the ceiling

'Cos after that she kept on coming back and catchin' feelings

I said, "Let's go my girl is coming so you gotta leave"

She said, "Oh no, I love you Treach" I said, "Now child please" You gots to leave, come grab your coat, right now you gotta go

I said, "Now look you to the stairs and to the stairwindow

This was a thing, a little thing, you shouldn't have put your heart

'Cos you know I was OPP, hell from the very start"

Come on, come on, now let me tell you what it's all aboutWhen you get down, you can't go 'round runnin' off at the mouth

That's rule number one in this OPP establishment

You keep your mouth shut and it won't get back to her or him

Exciting isn't it, a special kinda business

Many of you will catch the same sorta OPP is you with

Him or her for sure is going to admit it

When OPP comes, damn, skippy I'm with itYou down with OPP?

(Yeah you know me) You down with OPP? (Yeah you know me) You down with OPP? (Yeah you know me) Who's down with OPP? (This whole party) You down with OPP? (Yeah you know me) You down with OPP? (Yeah you know me) You down with OPP? (Yeah you know me) Who's down with OPP? (This whole party) Break it down
