

Feels Like Yesterday (feat. Robin Valo)

[Mike Williams](#)

We used to set sail
In the morning when the sky was blue
Just living for the thrill
And when times got rough I could call on you
We used to dance the night away
And stay out late
And it feels like yesterday
Live like tomorrow never comes
We chased the sun
It feels like yesterday
It feels like yesterday
It feels like yesterday
It feels like yesterday
We used to set sail
In the morning when the sky was blue
Just living for the thrill
And when times got rough I could call on you
We used to dance the night away
And stay out late
And it feels like yesterday
Live like tomorrow never comes
We chased the sun
It feels like yesterday
It feels like yesterday
It feels like yesterday
It feels like yesterday
It feels like yesterday
It feels like yesterday
It feels like yesterday
