

Out of My System

Youngr

Yeah I could love you
Go get a job and start to save
Stay at my mum's house
Look out the window at the rain
Or I could ignore it, but I'd just be fuckin' with your brain
I only got one shot, yeah, I got dreams and my suitcase So I'll play a little harder
Do Burning Man in Nevada
Go get lost in the Sahara
Do it all while I got time
You're taken away by the sirens
Go get fucked up on an island
I need to dance with my demons
I don't want them all my life
I say before the world gets serious
And go buy my shirt and tie
I need to access all areas
Work on my chat-up lines
So give me the girls, give me the girls
Give me the beach and the sunshine
Yeah, I'm on a mission
Trying to get it all out of my system Is it in your DNA
Are we made for running wild
I gotta get away, yeah
In my own nomadic style
Living la vida or fiesta
Til I max out the Visa
Only got one life I say
To find the right señorita
So I'll play a little harder
Do Burning Man in Nevada
Go get lost in the Sahara
'Til we're saved by the water
Get taken away by the sirens
Go get fucked up on an island
I need to dance with my demons
I don't want them all my life I say before the world gets serious
And go buy my shirt and tie
I need to access all areas
Work on my chat-up lines
So give me the girls, give me the girls
Give me the beach and the sunshine
Yeah, I'm on a mission

Trying to get it all out of my system Before the world gets serious
And go buy my shirt and tie
I need to access all areas
Work on my chat-up lines
So give me the girls, give me the girls
Give me the beach and the sunshine
Yeah, I'm on a mission
Trying to get it all out of my system
