

# Heart Heart Heartbreak

## Boys Like Girls

Heartbreak  
Heart heart heartbreak Girl don't say you love me when you're out the door  
Whoa yeah,  
'Cause I know things are different than they were before Whoa yeah,  
You kill me with your kiss  
It's so hard to resist you  
When you look me in the eyes tonight  
And say we're heading for a heart heart heartbreak  
And I don't ever ever wanna hear you say Don't say you love me  
Don't even  
Don't say you love me  
You're leavin'  
We're heading for a heart heart heartbreak  
I'm gonna go and turn around and walk away  
Don't say you love me  
Don't even  
Don't say you love me  
You're leavin'  
You say we stick it out through the thick and thin (whoa yeah) When the walls came down you  
wouldn't let me in (whoa yeah)  
We've been through it all My backs against the wall  
It's crashin' down on me tonight And we're headin' for a heart heart heartbreak  
And I don't ever ever wanna hear you say  
Don't say you love me  
Don't even  
Don't say you love me  
You're leavin'  
We're headin' for a heart heart heartbreak  
And I'm gonna go and turn around and walk away  
Don't say you love me  
Don't even Don't say you love me  
You're leavin'  
I'm sick and tired of this whole situation  
Here comes another fight  
Beating me down with the same conversation  
No don't say you love me tonight  
And we're headin' for a heart heart heartbreak And I don't ever ever wanna hear you say  
Don't say you love me  
Don't even  
Don't say you love me  
You're leavin'  
And we're headin' for a heart heart heartbreak And I'm gonna go and turn around and walk away

Don't say you love me  
Don't even  
Don't say you love me  
You're leavin'  
Said we're headin' for a heart heart heartbreak  
And I don't ever ever wanna hear you say  
Don't say you love me  
Don't even  
Don't say you love me  
You're leavin'
