Heart Heart Heartbreak

Boys Like Girls

Heartbreak

Heart heart heartbreakGirl don't say you love me when you're out the door Whoa yeah,

'Cause I know things are different than they were before Whoa yeah,

You kill me with your kiss

It's so hard to resist you

When you look me in the eyes tonight

And say we're heading for a heart heart heartbreak

And I don't ever ever wanna hear you sayDon't say you love me

Don't even

Don't say you love me

You're leavin'

We're heading for a heart heart heartbreak

I'm gonna go and turn around and walk away

Don't say you love me

Don't even

Don't say you love me

You're leavin'

You say we stick it out through the thick and thin (whoa yeah)When the walls came down you wouldn't let me in (whoa yeah)

We've been through it all My backs against the wall

It's crashin' down on me tonightAnd we're headin' for a heart heart heartbreak

And I don't ever ever wanna hear you say

Don't say you love me

Don't even

Don't say you love me

You're leavin'

We're headin' for a heart heart heartbreak

And I'm gonna go and turn around and walk away

Don't say you love me

Don't evenDon't say you love me

You're leavin'

I'm sick and tired of this whole situation

Here comes another fight

Beating me down with the same conversation

No don't say you love me tonight

And we're headin' for a heart heart heartbreak And I don't ever ever wanna hear you say

Don't say you love me

Don't even

Don't say you love me

You're leavin'

And we're headin' for a heart heart heartbreak And I'm gonna go and turn around and walk away

Don't say you love me
Don't even
Don't say you love me
You're leavin'
Said we're headin' for a heart heart heartbreak
And I don't ever ever wanna hear you say
Don't say you love me
Don't even
Don't even
Don't say you love me
You're leavin'
