

Kiss It Better

He Is We

He sits in his cell
And he lays on his bed.
Covers his head and closes his eyes.

...

He sees a smoking gun
And the coward he ran. And in his arms is the bleeding
Love of his life. And she cries Kiss it all better I'm not ready to go.
It's not your fault love

...

You didn't know, you didn't know.

...

Her hands are so cold

...

And he kisses her face.
And says "Everything will be all right".
...He noticed the gun And his rage grew inside.
He said "I'll avenge my lover tonight".

...

And she cried
Kiss it all better
I'm not ready to go....
It's not your fault love

...

you didn't know, you didn't know.

...

Now he sits behind prison bars
25 to life and she's not in his arms.
He couldn't bring her back with a bullet to the heart
Of the back of a man and tore his world apart.
He holds onto a memory

...

All it is, is a memory.

hey, hey.

He cries

Stay with me until I fall asleep

Stay with me.

Stay with me until I fall asleep

Stay with me.

Stay with me until I fall asleep

Stay with me.

Stay with me until I fall asleep

Stay with me.

Kiss it all better

...

I'm not ready to go.

It's not your fault love

You didn't know, you didn't know.

...

(Kiss it all better.)

Stay with me until I fall asleep

Stay with me.

Stay with me until i fall asleep

Stay with me.

(kiss it all better.)

Stay with me until I fall asleep

Stay with me.

Stay with me until I fall asleep

...

Stay with me.
