

# Palm Trees (feat. Cavie)

## Trinidad James

All the way from A-town to the great California!  
L.A. to the Bay!  
Pa-Palm trees make California  
Pa-Palm trees make California  
Pa-Palm trees make California  
Pa-Palm trees make California  
I said Palm trees make California  
I feel like palm trees make California  
I said I'm LAX flexin'  
I need Roscoe's  
I like my bitches from the bay a little hostile  
You better speak when the gangsta in your face  
Cause these L.A. niggas don't play at all  
I'm in Hollywood tryin' to get to Slauson  
Smokin' on Fairfax, I'm 'bout to make a mall run  
I'm a nigga though, no, I'm in the Beverly  
Spendin', that's your money  
Broke niggas, show me somethin'  
I keep a homo though and get it on the low  
A thick can't get it on the floor  
A skinny girl, man, can get it on the stove  
Malibu the week and stay for courtside  
Feelin' like a boss  
Feelin' like a boss, f-feelin' like a boss  
Sittin' on the courtside, feelin' like a boss  
Feelin' like a boss, f-feelin' like a boss  
Sittin' on the courtside, feelin' like a boss  
I said, palm trees make California  
I feel like palm trees make California  
I said, palm trees make California  
I feel like palm trees make California  
Nickname James, man, I'm worthy like a Laker  
I need a real Cali girl to roll the blunts or the paper  
Changin' hand ever month, said she focused on the paper  
Met her at the In-N-Out pickin' up a burger  
Shorts real short, little booty like, Ah  
Bandana in the front, feelin' like pie  
W-W-West Side get the money, I make her count  
I was born a real nigga, I'm a stay one 'til I die  
R.I.P. Paul Walker, hope you racin' in the sky  
I poured a little liquor for my homie that died  
Said, poured a little liquor for my homie that died

If you got a naked dancer, pour a little [?]  
I said, palm trees make California  
I feel like palm trees make California  
I said, palm trees make California  
I feel like palm trees make California  
Come out to Cali and I smoke all the green  
Come out to Cali and I smoke all the green  
Come out to Cali and I smoke all the green  
Come out to Cali and I smoke all the green  
Come out to Cali and I smoke all the green  
Come out to Cali and I smoke all the green  
Palm trees make California  
Pa-palm trees make California  
Pa-palm trees make California  
Pa-palm trees make California  
Palm trees make California  
P-palm trees make California  
I said, palm trees make California  
I feel like palm trees make California  
I said, palm trees make California  
I feel like palm trees make California  
Palm trees and blue skies, low-lows and hoes  
Fly cars and movie stars chokin' on some smoke  
Palm trees and blue skies, low-lows and hoes  
Fly cars and movie stars, chokin' on some smoke  
Feelin' like a boss, f-feelin' like a boss  
Sittin' on the courtside, feelin' like a boss  
Feelin' like a boss, f-feelin' like a boss  
Sittin' on the courtside, feelin' like a boss
