

# In My Eyes (Radio Edit)

Milk Inc.

In my eyes you'll see,  
the way it used to be  
Take a look and see  
the light still shines in me In My Eyes In my eyes you'll see,  
the way it used to be  
Take a look and see  
the light still shines in me There's a part of me  
that I forgot to be  
Take a look and see  
the light still shines in me Take a look and see  
the light still shines in me  
(2x)  
In My Eyes  
(2x) In your arms it seems  
Youve taken all my dreams  
Take a look and see  
the light still shines in me There's a part of me  
that I forgot to be  
Take a look and see  
the light still shines in me In my eyes  
(2x) The light still shines in me In my eyes  
(2x) The light still shines in me  
In my eyes  
(2x) Take a look and see  
the light still shines in me  
(x2) In my eyes  
(x2) Take a look and see  
the light still shines in me  
(x2) In my eyes you'll see,  
the way it used to be  
Take a look and see  
the light still shines in me
