## I Was Wrong

## **Chris Stapleton**

I've been thinking 'bout my thoughtless words And I know just how much they must have hurt And I take it back Won't you let me take it backYou know I told you that I don't love you That I'd be better off with someone new But I take it back Won't you let me take it backGirl you know that I still love you And you know that I'm so alone I don't know why I told you that I didn't need you Can't you see that baby I was wrong What I wouldn't give to be your lover again All I want to do is touch your skin If I had you right here right now I'd tell you, tell you, tell you Girl you know that I still love you And you know that I'm so alone I don't know why I told you that I didn't need you Can't you see that baby I was wrong Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
