## Get Scared

Get up!  
Gone again in the undertow  
Left to live with hate  
We won't let go, let go  
Faced again with a taste of it  
Still I'll never change  
We won't let go, let go  
Understand I'm losing faith  
Reminding self there are no saints  
Comprehend, I'm through with running  
And I can't stop my long for belief  
On and on and on and on  
It goes  
On and on and on and on  
And now I feel so lost and deceived.  
On and on and on and on  
How will we rest in peace?  
Fuck the sins  
That we fear to live in the end  
We won't ever follow, follow  
Stand against, preach the same old shit  
You're afraid to live  
We won't follow, follow  
Understand I bow to nothing  
Reminding self of pain and trusting  
Comprehend, I'm through with running  
And I can't stop my long for belief  
On and on and on and on  
It goes  
On and on and on and on  
And now I feel so lost and deceived  
On and on and on and on  
How will we rest in peace?  
I can't buy into just a prophet dressed like a poet  
And if you talk to God  
I'm sure that he'll tell you he knows  
I can't buy into just a prophet dressed like a poet  
And if you talk to God  
I'm sure that he'll tell you he knows!  
Sure that he'll tell you he knows!  
I can't buy into just a prophet dressed like a poet  
And if you talk to God

I'm sure that he'll tell you he knows  
And I can't stop my long for belief  
On and on and on and on  
It goes  
On and on and on and on  
And now I feel so lost and deceived  
On and on and on and on  
How will we rest in peace!?
