

Feel You (Ashley Wallbridge Remix)

Ferry Corsten

Take my hands,
I've been searching,
Found you here,
On your own.
Can you hear
All my yearning?
Reach my soul,
I only want to
Feel you...
Feel you...This love could last forever,
We should believe it together.
Feel you...
Feel you...
Lift me up,
I've been running
Slow me down, show me love
Do you feel all this burning?
Make me go, I only want to
Feel you...
Feel you...This love will last forever,
I know we can be together.
Feel you...
Feel you...Reach my soul,
Reach my soul,
Reach my soul,
Reach my soul,
Reach my soul.
This love will last forever,
I know we can be together.
Feel you...
Feel you...
