

# Chaser

## Jennifer Nettles

I wanna be the one  
Not the one after the one  
That breaks your heart  
I wanna be the fire  
Not the cool  
That soothes your tongue  
After the spark Don't wanna be an after thought  
Don't wanna be the aftershock  
When you've had double shot  
Of her I wanna be the taste you crave  
Not just some call you make  
When you're dying of thirst  
And I know, I know, I know, I know  
That I don't, I don't, I don't, I don't  
Ever learn  
And if you go, you go, you go, you go  
But I wanna be the one  
That makes you burn  
And never burn out  
Wanna make you burn  
All the way down  
Are you feeling me now  
I don't wanna be your chaser, chaser  
Standing in line waiting on my turn  
I don't wanna be your chaser, chaser  
Wanna be the one that makes you burn  
I wanna be the name  
The only name that's on your lips  
When you're alone  
I wanna be the first  
Not the next one on the list  
In your phone  
Don't wanna be the old fallback  
The one you never did call back  
Even though I waited all night long  
Straight up or on the rocks  
Don't wanna take the edge off  
When the drink is too strong  
And I know, I know, I know, I know  
That I don't, I don't, I don't, I don't  
Ever learn  
And if you go, you go, you go, you go

But I wanna be the one  
That makes you burn  
And never burn out  
Wanna make you burn  
All the way down  
Are you feeling me, feeling me  
Burn and never burn out  
(I don't wanna be your chaser, chaser)  
(Chaser)  
Are you feeling me burn  
(I don't wanna be your chaser, chaser)  
(Chaser)  
All the way down  
(I don't wanna be your chaser, chaser)  
(Chaser)  
Are you feeling me now  
I don't wanna be your chaser, chaser  
Standing in line waiting on my turn  
I don't wanna be your chaser, chaser  
Wanna be the one that makes you burn  
Burn, burn, like an old scotch whiskey  
Drink it down slow, pour it all night long  
Burn like a heat everytime you kiss me  
Like these words pouring off my tongue
