

# With You

## LMFAO

It's crazy, I never want this feeling to end  
This is what it means to be friends  
Only when I'm hanging with you  
Oh I cant stop dreaming cause,  
Its crazy, I never want this feeling to end  
This is what it means to be friends  
Only when I'm hanging with you  
(Check it check it out)  
Oh I can't stop dreaming cause  
Yo, it was only dreams,  
I used to play chess at the coffee bean.  
And as my coffee steamed  
I thought about my life and my world dreams.  
It's so sick and I'm startin' to mix  
thanks to a rest in piece banana split  
Was the place we all went Sundays,  
to make people feel this way we would one day  
And I remember when you gave me a secret,  
popped in the DVD and peeped it  
And if you dreamin you achivin,  
after that it was a wrap  
And now I walk in the club like a million times,  
Spit on the mic like a million rhymes,  
We party rock to a billion drops  
and this shot makes one zillion shots  
Yes I'm feelin' good, and we the best I'm feelin' good  
And in your breast I'm feelin' good, haha LMFAO  
Ima bro with this party thang  
I love chicks cola and bacardi mang  
Hey, I've been the same for a...  
You and I and the crew that I roll with,  
It's gonna be the the same crew I roll old with  
Memories fade like old leather  
But the music that we make gonna last forever  
LegacyIt's crazy, I never want this feeling to end  
This is what it means to be friends  
Only when I'm hanging with you  
Oh I cant stop dreaming cause,  
Its crazy, I never want this feeling to end  
This is what it means to be friends  
Only when I'm hanging with you  
(Only with you foo)

Oh I can't stop dreaming cause(Check it)  
I feel like flyin', on top of my game and I ain't even tryin'  
Nowadays I'm stylin' and when she make it I feel like cryin'  
It's better than I hoped it'd be  
I walk down the street and people notice me  
No body was as broke as me  
They say you never get nowhere smokin' weed So I roll one up I stepped on a landmine blowin'  
up  
And I ain't never growin' up  
And if the party rocks and you know it's us  
Me and foo in the club straight all sit up  
Back when I wasn't old enough  
Now bottles all night rolling up  
Cheers and toasts to us Oh, we winnin' now  
I stepped on a landmine blowin' up  
My fans show love and women shout  
Make me feel like I'm the man  
All of my friends n' my fans don't let em change you  
Been from London to japan and I'm still the same dude  
And he's still the same foo  
Struggles we came threw  
Stuck with our team and our dream and look how it came true It's crazy, I never want this  
feeling to end  
This is what it means to be friends  
Only when I'm hanging with you  
Oh I cant stop dreaming cause,  
Its crazy, I never want this feeling to end  
This is what it means to be friends  
Only when I'm hanging with you  
Oh I cant stop dreaming cause, Oh oh woah woah, with you  
Oh oh woah woah, with you  
Oh oh woah woah, with you  
Oh oh woah woah, with you  
Oh oh woah woah, with you  
Oh oh woah woah, with you  
Oh oh woah woah, with you  
Oh oh woah woah, with you  
Oh oh woah woah, with you
