One more road to shangrila  
One more road to sea  
One more road to shangrila  
One more road to seeEvery junk food medium  
Yeah right tragedy  
Diguised as a masquerade  
Serpentine bewareOne more road to shangrila  
One more road to sea  
One more road to shangrila  
One more soul to save  
U flower you hide away  
Razor flash through the night  
Stab me with your claim to fame  
On this monumental flightOne more road to shangrila  
One more road to sea  
One more road to shangrila  
One more road to see  
One more road to shangrila  
One more road to sea  
One more road to shangrila  
One more road to see
