

Europa Pools (feat. Kacy Hill)

Cashmere Cat

When you're here, I am home
But here won't last too long
And hardest love is when you're gone, no
When you're here, I am home
But here won't last too long
And hardest love is when you're gone, no
Throw me "everything" when you, baby
All your look at me is, never faze me
Keep running back to the last stone
And hazy, welcome me nights where my safety
Tell me everything that you gave me
Just swollen blankets of stars
Take them away from me
Keep running back to the last stone
And hazy, welcome me nights where my safety
