Not Meant to Be

Theory of a Deadman

It's never enough to say I'm sorry It's never enough to say I care But I'm caught between what you wanted from me And knowing if I give that to ya I might just disappear Nobody wins when everyone's losingIt's like one step forward and two steps back No matter what I do you're always mad, and I, I can't change your mind It's like trying to turn around on a one way street I can't give you what you want and it's killing me And I, I'm starting to see Maybe we're not meant to be It's never enough to say I love you No it's never enough to say I try It's hard to believe that there's no way out for you and me It seems to be the story of our life Nobody wins when everyone's losingIt's like one step forward and two steps back No matter what I do you're always mad, and I, I can't change your mind It's like trying to turn around on a one way street I can't give you what you want and it's killing me And I, I'm starting to see Maybe we're not meant to be There's still time to turn this around Should we be building this up instead of tearing it down But I keep thinking maybe it's too late It's like one step forward and two steps back No matter what I do you're always mad, and I, I can't change your mind

I can't give you what you want and it's killing me
And I, I finally see
Baby we're not meant to be
It's like one step forward and two steps back
No matter what I do you're always mad, and I
Baby I'm sorry to see
Maybe we're not meant to be

It's like trying to turn around on a one way street
