

# BUTTERFLY EFFECT

## Travis Scott

Murda on the beat so it's not nice  
For this life, I cannot change  
Hidden Hills, deep off in the main  
M&M's, sweet like candy cane  
Drop the top, pop it, let it bang (pop it, pop it)  
For this life, I cannot change  
Hidden Hills, deep off in the main  
M&M's, sweet like candy cane  
Drop the top, pop it, let it bang (pop it, pop it)  
Drop the top, play hide and seek  
Jump inside, jump straight to the league  
Take a sip, feel just how I breathe  
On freeway, but no, ain't nothin' free (straight up)  
Bend laws, bend lanes  
Been bustin' bills, but still ain't nothin' change  
You in the mob soon as you rock the chain  
She caught the waves just thumbin' through my braids (alright)  
Heatin' up, baby, I'm just heatin' up (it's lit)  
Need ya love, not a need it is a must  
Fill his cup, you know how to keep me up  
Icy love, icy like a hockey puck  
For this life, I cannot change  
Hidden Hills, deep off in the main  
M&M's, sweet like candy cane  
Drop the top, pop it, let it bang (Pop it, pop it)  
For this life, I cannot change  
Hidden Hills, deep off in the main  
M&M's, sweet like candy cane  
Drop the top, pop it, let it bang  
All the ones, all the chains piled on the mantle  
All the dogs, all the dogs low creep right behind me in the Phantom  
Never go, never go dip on the set, stayed Santana  
Yeah, run it back, turn the lights on when I hit up Green Lantern  
Yeah, fly the broads, fly the dogs down to Atlanta  
Yeah, in the cut in Medusa, lay low, yeah, I might be  
Yeah, roll up, help me calm down when I'm movin' high speed  
Yeah, If I send one, need the text back 'cause you know what I need  
Oh, please (oh please)  
Oh me (oh me)  
Oh my (oh my)  
We been movin', we been movin' for some time (Alright!)  
Flexin', flexin' try to exercise

Exercise, exercise, exercise, exercise  
For this life, I cannot change  
Hidden Hills, deep off in the main  
M&M's, sweet like candy cane  
Drop the top, pop it, let it bang (pop it, pop it)  
For this life, I cannot change  
Hidden Hills, deep off in the main  
M&M's, sweet like candy cane  
Drop the top, pop it, let it bang (pop it, pop it)
