

# Limitedless

## Alicia Keys

Yeah, hmmm  
Murder murder, I took the red pill  
My heart it goes boom every time that we feel  
And if he be Jack, then I guess me be Jill  
Fell into his arms got me head over the hills I'm saying, whoa  
Feel it up and down and in my soul  
If I used to be broken, now I'm whole, oh no  
I'm at his mercy, mercy, mercy tonight I can't count to no amount  
There's no limits, no no  
To the ways I could love you, babe  
Take me over, I can't get over  
There's no limits, no no  
To the ways I could love you, babe  
One two three, to infinity yeah  
Two three four, it's ubiquity  
It's four five six, to a limitedless love If there's another one  
He's not in this world, love  
Can't be no other one  
There is only you Only one and one, only leaves us two love  
And when I'm through being your girl  
We can stop the whole world for us I'm saying, whoa  
Feel it up and down and in your soul  
I'll forever be here at his mercy, mercy, mercy  
Loving him for eternity, eternity, eternity  
Cause I  
I can't count to no amount  
There's no limits, no no  
To the ways I could love you, babe  
Take me over I can't get over  
There's no limits, no no  
To the ways I could love you, babe One two three, to infinity yeah  
Two three four, here's my prophecy yeah  
Four five six, to a limitedless love Ah oh oh, oh oh oh  
Ah oh oh, oh oh oh One two three, to infinity yeah  
Two three four, this is my decree yeah  
Four five six, to a limitedless love A limited, limited, limited, limitedless love  
A limitedless love, a limitedless love  
A limited, limited, limited, limitedless love  
A limitedless love, a limitedless love Ah oh oh, oh oh oh  
Ah oh oh, oh oh oh
