

# Shivers

Rachel Platten

Gold green eyes  
You, you see me in the perfect light  
And, and even for the thousandth time  
Yeah, your hands can make my skin light up like diamonds  
Baby, it's chemical, something  
about you really drives me crazy  
Baby, it's magical, it could be the stars above are all to blame  
I get emotional knowing you never ever try to change me  
'Cause you know who I am, goddamn  
You're giving me shivers, running up through my spine  
Giving me shivers, you're making me lose my mind  
Always deliver (ooh, baby, baby)  
You know my triggers (ooh, baby, baby)  
So, just do what you do, what you do  
Make my body shiver  
Perfect fit like, like my name on your pillow lips  
It, it's like a thousand ego trips  
I, I'm dying to go anywhere you take me  
Baby, it's chemical, something about you really drives  
me crazy  
Baby, it's magical, it could be the stars above are all to blame  
I get emotional knowing you never ever try to change me  
'Cause you know who I am, goddamn  
You're giving me shivers, running up through my spine  
Giving me shivers, you're making me lose my mind  
Always deliver (ooh, baby, baby)  
You know my triggers (ooh, baby, baby)  
So, just do what you do, what you do  
Make my body shiver  
You're giving me shivers, running up through my spine  
Giving me shivers, you're making me lose my mind  
Always deliver (ooh, baby, baby)  
You know my triggers (ooh, baby, baby)  
So, just do what you do, what you do  
I love the way you make me  
Shiver, running up through my spine  
Giving me shivers, you're making me lose my mind  
Always deliver (ooh, baby, baby)  
You know my triggers (ooh, baby, baby)  
So, just do what you do, what you do  
Make my body shiver  
Do what you do, what you do  
Make my body shiver  
Do what you do, what you do  
I love the way you make me
