

# I'm a Hustler (Song?)

## The Lonely Island

Well I'm a hustler, that's just what I do  
I'm always hustling on the avenue  
I can sell water to a whale  
Or even a shell to a snail  
I'm a hustler, life of a hustler, that's me  
I've been this way since I came out my mama's purse  
I'm always thinking of a scheme  
And I'm good at what I do  
And I know a thing or two about hustling  
You have to be born with a certain swag  
Like je ne sais quoi, that makes hustling be bad  
Hey, at 8 years old I got my hood pass  
Then at 9 I got my first keys 10th ave  
Ice to an eskimo, spaghetti to a rock wall  
I know that sounds racist, it's just how I talk  
In the crap game, I am the number 1  
I wouldn't ass around, you'll get your money taken  
I'm may and gay around my patch  
Never talk to me on the phone, that's real G doing his thing  
I'm hard to kill  
Attention, cooking up crack  
Let's do it anyway, that's really hardcore
