Enchanted

Delerium

Prowling in the night
Hiding 'neath my fright
Manipulate my sight
ThiefWhenever you steal
My punishment's real
You gave me sorrowInvading my own value
Parading my shy security
While gripping my innocence
Thief

Whenever you steal My punishment's real

You gave me sorrow

Sorrow, sorrowWhenever you steal

My punishment's real

You gave me sorrowWhenever you steal

My punishment's real

You gave me sorrow

Whenever you steal

My punishment's real

You gave me sorrowWhenever you steal

My punishment's real

You gave me sorrow
