

Ima Be Alright (feat. Bryson Tiller & Future)

DJ Khaled

Ayy everybody switchin' up, I guess
(DJ Khaled)It's just the way it is, oh
(Just the way)
These niggas beat me to it
Yeah, these niggas started changin', oh no
They changin', they changin'
And everything I got they wanna take it, oh
My money and my lady, no
They wanna separate it, they try and tear us down
They tryna tear us down, hey, hey, hey
I'm touchin' triple digits, now it's tangible
I'm touchin' M's now my life is pandemonium
I go and re-up on you, new Aventadors
Everything around me too colossal
You niggas old news like a fossil
Every single night I got a bad bitch
She didn't come alone, she came with another bad one
I done caught a vibe and a wave, double jeopardy
They know I'm the king of these melodies
You know I was in the bando, smellin' like a half a key
You can smell the molly comin' off me when you next to me
Put it in my cup and let me medicate
And it all started off with foreplay (with foreplay)
Cappuccino vodkas in Santa Monica (Santa Monica)
We was best friends until the fall out
Now I got the lawyers goin' all out
It's just the way it is, oh
(Just the way)
These niggas beat me to it
Yeah, these niggas started changin', oh no
(They changin', they changin')
And everything I got they wanna take it, oh
My money and my lady, no
They wanna separate it, they try and tear us down
They tryna tear us down, hey, hey, heyHey, I been reaping those rewards
From my hard work, I'm startin' to see the jealousy
Hey, they talkin' shit, that's what they tellin' me
What? They write it to somebody else instead of me
Okay, hey, I got my dollas, my cash up
They wanna see me on my last one, last one
They tell you things you don't wanna hear
They don't wanna see me with a bad one

No, or see you in a Benz wagon
With your new bag on
The bag that these hatin' bitches only spend a hundred plus tax on
The one we spent five racks on
And I love to get on tracks that I can rap and spit facts on
I'm the one that niggas love to turn they backs on
Yeah, that's cool with me, that's cool with me
(Another one)It's just the way it is, oh
(Just the way)
These niggas beat me to it
Yeah, these niggas started changin', oh no
(They changin', they changin')
And everything I got they wanna take it, oh
My money and my lady, no
They wanna separate it, they try and tear us down
They tryna tear us downIt's alright, yeah
I'll be alright, yeah
As long as you right here, yeah
I'll be just fine, yeah (I'll be just fine)
Just fine, yeah
Just fine, yeah
We was best friends until the fall out
Just fine, yeah
We was best friends until the fall out
Just fine, yeah
Now I got the lawyers goin' all out
Hey, hey, heyThey jealous, they want us to fold. That will never happen. They want us broke,
so you know what we gonna do? We gonna become billionaires. From now on when you see
me, call me Billy. I'ma be alright, I'ma be just fine.It's just the way it is, oh
(Just the way)
These niggas beat me to it
Yeah, these niggas started changin', oh no
(They changin', they changin')
And everything I got they wanna take it, oh
My money and my lady, no
They wanna separate it, they try and tear us down
They tryna tear us downAyo Neil, bless up, bless up, bless up...
