## Ima Be Alright (feat. Bryson Tiller & Future)

## **DJ Khaled**

Ayy everybody switchin' up, I guess (DJ Khaled)It's just the way it is, oh (Just the way)

These niggas beat me to it Yeah, these niggas started changin', oh no They changin', they changin'

And everything I got they wanna take it, oh My money and my lady, no

They wanna separate it, they try and tear us down They tryna tear us down, hey, hey, hey

I'm touchin' triple digits, now it's tangible

I'm touchin' M's now my life is pandemonium

I go and re-up on you, new Aventadors

Everything around me too colossal

You niggas old news like a fossil Every single night I got a bad bitch

She didn't come alone, she came with another bad one

I done caught a vibe and a wave, double jeopardy

They know I'm the king of these melodies

You know I was in the bando, smellin' like a half a key

You can smell the molly comin' off me when you next to me

Put it in my cup and let me medicate

And it all started off with foreplay (with foreplay)

Cappuccino vodkas in Santa Monica (Santa Monica)

We was best friends until the fall out

Now I got the lawyers goin' all out It's just the way it is, oh

(Just the way it is, (

These niggas beat me to it

Yeah, these niggas started changin', oh no

(They changin', they changin')

And everything I got they wanna take it, oh

My money and my lady, no

They wanna separate it, they try and tear us down

They tryna tear us down, hey, hey, heyHey, I been reaping those rewards

From my hard work, I'm startin' to see the jealousy

Hey, they talkin' shit, that's what they tellin' me

What? They write it to somebody else instead of me

Okay, hey, I got my dollas, my cash up

They wanna see me on my last one, last one

They tell you things you don't wanna hear

They don't wanna see me with a bad one

No, or see you in a Benz wagon With your new bag on

The bag that these hatin' bitches only spend a hundred plus tax on

The one we spent five racks on

And I love to get on tracks that I can rap and spit facts on

I'm the one that niggas love to turn they backs on

Yeah, that's cool with me, that's cool with me

(Another one)It's just the way it is, oh

(Just the way)

These niggas beat me to it

Yeah, these niggas started changin', oh no

(They changin', they changin')

And everything I got they wanna take it, oh

My money and my lady, no

They wanna separate it, they try and tear us down

They tryna tear us downIt's alright, yeah

I'll be alright, yeah

As long as you right here, yeah

I'll be just fine, yeah (I'll be just fine)

Just fine, yeah

Just fine, yeah

We was best friends until the fall out

Just fine, yeah

We was best friends until the fall out

Just fine, yeah

Now I got the lawyers goin' all out

Hey, hey, heyThey jealous, they want us to fold. That will never happen. They want us broke, so you know what we gonna do? We gonna become billionaires. From now on when you see me, call me Billy. I'ma be alright, I'ma be just fine. It's just the way it is, oh

(Just the way)

These niggas beat me to it

Yeah, these niggas started changin', oh no

(They changin', they changin')

And everything I got they wanna take it, oh

My money and my lady, no

They wanna separate it, they try and tear us down

They tryna tear us downAyo Neil, bless up, bless up, bless up...
