

# Do It Again (feat. Chris Brown & Tyga)

## Pia Mia

Yeah, bye baby, they ain't fly baby  
Looking at the whip frame, that's a nice 'Cedes  
Used to throw it to me, like Tom Brady  
With the long blonde hair, that's Marcia Brady  
I'm all about your Lately Chelsea high Handler, handle her  
Got your legs racing hard on vacation  
Ahh! No exaggeration, said you amazing  
Moving too fast, can't pace itHey boy, when I first met you  
Thought it was special, I told you that  
Hey boy, up at Two Lover's Point  
When I kissed you I meant it  
I wanna go back (I don't wanna go)  
I wanna go back (But if you wanna go)  
Can we go back? (I'll make it happen though)  
Boy can we go back? (Let's do it soon boo)  
It was nice to, nice to know ya, let's do it again  
How we did it in a one night stand  
Boy I wanna be more than a friend to ya  
Nice to, nice to know ya, let's do it again  
How we did it in a one night stand  
Boy I wanna be more than a friend to ya  
Let's do it againHey baby, are you sure that you want it  
All caught up in the moment, let me know now  
Oh baby, it got a little crazy on the first night  
So I'mma have to do you better than the first time  
I'm loving how you scratching and you gritting your teeth  
I'm loving how that booty shake when it's on me  
You gotta nigga blowing up your caller ID  
Guess it was all a set up, you got me  
It was nice to, nice to know ya, let's do it again  
How we did it in a one night stand  
Boy I wanna be more than a friend to ya  
Nice to, nice to know ya, let's do it again  
How we did it in a one night stand  
Boy I wanna be more than a friend to ya  
Let's do it againI wanna go back, one more time  
Wanna go back, let's do it again  
Can we go back?  
Can you take me baby? Boy can we go back?  
I wanna go back, one more time  
Wanna go back, let's do it again  
Can we go back?

Can you take me baby? Boy can we go back? It was nice to, nice to know ya, let's do it again

How we did it in a one night stand

Boy I wanna be more than a friend to ya

Nice to, nice to know ya, let's do it again

How we did it in a one night stand

Boy I wanna be more than a friend to ya

Let's do it again

Let's do it again

Let's do it again

Let's do it again

Let's do it again
