

# Zero

## VAMPS

Your essence - divine I wanna drown in your skies  
Our senses - entwine I see my life fade in your eyes  
Sweet breathing - elation The vibrant rhythm of this ride  
Like floating - sensation And in your lips I'm swallowed up(In your embrace is my birth)  
Now, I'm swallowed upIn your kiss - salvation My darkest pleasure's on a rise  
In my bliss - damnation In your embrace is my demise  
Your essence - divine I wanna drown in your skies  
Our senses - entwine I see my life fade in your eyes  
(In your embrace is my birth)  
Life fades in my eyes  
(I see the light)ZERO is where it all begins  
ZERO is where it all ends up  
When they cross, just where do you belong?  
ZERO is where it all begins  
ZERO is where it all ends up  
When they cross, just where do you belong?  
In your embrace is...  
In your embrace is my birth  
In your embrace is...  
In your embrace is my demise
