

American Saturday Night

[Brad Paisley](#)

Woahhhhhh woahhhhhhhh
Shes got Brazilian leather boots on the pedal of her German car
Listening to the Beatles singing back in the USSR
yeah shes goin around the world tonight
but she ain't leavin here
shes just going to meet her boyfriend down at the street fairIt's a french kiss, italian ice
Spanish moths in the moonlight
just another American Saturday night
There's a big toga party tonight down at Delta Chi
they got Canadian bacon on there pizza pie
they got a cooler full of cold Coronas and Amstel light
It's like were all livin' in a big ol' cup
just fire up the blender, mix it all upIt's a French kiss, Italian ice
margaritas in the moonlight (woahhhh)
just another American Saturday nightyou know everywhere there's something they're known for
although usually it washes up on our shores
my great great great granddaddy stepped off of that ship
I bet he never ever dreamed we'd have all this
You know everywhere has somethin' there known for
although usually it washes up on our shores
little Italy, Chinatown, sittin' there side by side
live from New York, It's Saturday Night!French kiss, Italian ice,
Spanish moths in the moonlight
just another American, just another American, its just another American Saturday night
