

# Follow You

## Bring Me the Horizon

My head is haunting me and my heart feels like a ghost  
I need to feel something, cause I'm still so far from home  
Cross your heart and hope to die  
Promise me you'll never leave my side Show me what I can't see when the spark in my eyes is  
gone  
You got me on my knees, I'm your one man cult  
Cross my heart and hope to die  
Promise you I'll never leave your side Cause I'm telling you, you're all I need  
I promise you you're all I see  
Cause I'm telling you, you're all I need  
I'll never leave  
So you can drag me through Hell  
If it meant I could hold your hand  
I will follow you cause I'm under your spell  
And you can throw me to the flames  
I will follow you, I will follow you Come sink into me and let me breathe you in  
I'll be your gravity, you be my oxygen  
So dig two graves cause when you die  
I swear I'll be leaving by your side So you can drag me through Hell  
If it meant I could hold your hand  
I will follow you cause I'm under your spell  
And you can throw me to the flames  
I will follow you  
So you can drag me through Hell  
If it meant I could hold your hand  
I will follow you cause I'm under your spell  
And you can throw me to the flames  
I will follow you, I will follow you  
I will follow you, I will follow you  
So you can drag me through Hell  
If it meant I could hold your hand  
I will follow you cause I'm under your spell  
And you can throw me to the flames  
I will follow you, I will follow you
