## **Distant Early Warning**

## Rush

An ill wind comes arising
Across the cities of the plain
There's no swimming in the heavy water
No singing in the acid rain
Red alert

Red alertIt's so hard to stay together Passing through revolving doors We need someone to talk to

And someone to sweep the floors

Incomplete Incomplete

The world weighs on my shoulders

But what am I to do?

You sometimes drive me crazy

But I worry about you

I know it makes no difference

To what you're going through

But I see the tip of the iceberg

And I worry about youCruising under your radar

Watching from satellites

Take a page from the red book

And keep them in your sights

Red alert

Red alert

Left and rights of passage

Black and whites of youth

Who can face the knowledge

That the truth is not the truth?

Obsolete

AbsolutelyThe world weighs on my shoulders

But what am I to do?

You sometimes drive me crazy

But I worry about you

I know it makes no difference

To what you're going through

But I see the tip of the iceberg

And I worry about youThe world weighs on my shoulders

But what am I to do?

You sometimes drive me crazy

But I worry about you

I know it makes no difference

To what you're going through

## But I see the tip of the iceberg And I worry about youAbsalom, Absalom, Absalom
