

# I Wouldn't Need You

Norah Jones

If I touched myself  
The way you touched me  
If I could hold myself  
The way you held me Then I wouldn't need you  
No, I wouldn't need you  
No, I wouldn't need you  
To love me If I could replace  
The things you gave me  
If I could see my face  
Without the tragedy  
Then I wouldn't need you  
No, I wouldn't need you  
No, I wouldn't need you  
To love me But I do  
So, come back  
Come back If you could see the way I act  
When I'm alone  
If you could hear my voice crack  
Over the phone  
Then you'd know I need you  
Oh, you'd know I need you  
Oh, you'd know I need you  
To love me
