

High Life

Jimmie Allen

It's a two lane town one blink and it's gone
With a Norman Rockafeller water tower painted on
Kinda hits you like a country song
Stays with you when you're movin' on
The river is cool when the summer is hot
Viking mascot high school parkin' lot
Mama prays daddy works a lot
Big brother caught smokin' pot
Snap shot of a map dot It's the high life sippin' from a Miller can
It's the highlight reel for the workin' man
It's the home sweet home you were tryin' to leave
But you come right back 'cause your roots run deep
It's a sure life, yeah this is my life
It's the four wheel Ford givin'
Tryin' to get it right livin'
Ain't nothin' missin'
Damn right I'm livin' in the high life
Yeah that rumor mill never shuts down
And them blue jean girls just grow right out of the ground
'Round here, that's right
See you at the game on Friday night It's the high life sippin' from a Miller can
It's the highlight reel for the workin' man
It's the home sweet home you were tryin' to leave
But you come right back 'cause your roots run deep
It's a sure life, yeah this is my life
It's the four wheel Ford givin'
Tryin' to get it right livin'
Ain't nothin' missin'
Damn right I'm livin' in the high life This is your life, yeah this is my life
So crank it on up, play it all night
'Cause everybody loves a song about
It's the high life sippin' from a Miller can
It's the highlight reel for the workin' man
It's the home sweet home you were tryin' to leave
But you come right back 'cause your roots run deep
It's a sure life, yeah this is my life
It's the four wheel Ford givin'
Tryin' to get it right livin'
Ain't nothin' missin'
Damn right I'm livin' in the high life, yeah It's a two lane town one blink and it's gone
With a Norman Rockafeller water tower painted on
