

# Brand New Day

## Kodaline

Well it's your hometown  
I think I've outgrown  
I wanna travel the world but I, I just can't do it alone  
So I'm just waiting on fate to come.  
Wrap around me  
Think about all the foreign places we could be  
I'll be flicking stones at your window I'll be waiting outside 'til you're ready to go  
Won't you come down? Come away with me  
Just think of all the places we could be  
I'll be waiting, waiting on a brand new day  
Riding on waves, walking on sand  
Digging in caves to find the treasures of the land  
And if we find gold  
Well, we'll just throw it away  
We can write stories bout the journeys that we made  
(we could be big in Japan) I'll be flicking stones at your window  
I'll be waiting outside 'til you're ready to go  
Won't you come down? Come away with me  
Just think of all the places we could be  
I'll be waiting, waiting on a brand new day  
Waiting on a brand new day  
They said they'll keep me here But I couldn't do another year  
I said I'll see you soon  
Because I whistle to a different tune  
Think of all the places we could be  
Think of all the people we could meet  
I'll be flicking stones at your window  
I'll be waiting outside 'til you're ready to go  
Won't you come down? Come away with me  
Think of all the places we could be  
I'll be waiting, waiting on a brand new day
