

# You Lost Me

## Sleigh Bells

Behind the circle K  
Where the bodies sit  
We took our lives away  
We wanted it this way  
We wanted it this way Face down in the dirt  
In a mini skirt  
Teeth touch the chest  
Yeah, I got your back  
Oh, I got your back I don't want you to see me this way  
I don't want you to see me this way  
I don't want you to see me this way  
I don't want you to see me this way  
What a way to die  
What a way to die  
What a way to die Down underground  
With a superstar by the grave?  
Take it back, take it back  
I'll never lie to you  
But I'm gonna have to tell the truth  
You lost me Teenage model head  
In your denim vests  
Girls are holding hands  
Through your favorite bands  
All your favorite bands  
You're not the only ones  
Without the need for sun  
Who never have any fun  
You walk around town  
With your hats way down I don't want you to see me this way  
I don't want you to see me this way  
I don't want you to see me this way  
I don't want you to see me this way What a way to die  
What a way to die  
What a way to die Down underground  
With a superstar by the grave?  
Take it back, take it back  
I'll never lie to you  
But I'm gonna have to tell the truth  
You lost me
