

# Let You Go

SOJA

It occurs to me  
as things are slowing down  
that is always  
much better  
when you are around  
and slowly  
turning me  
upside down You can be who you want to  
you can see who you want to  
there's nothing I can tell you now  
Except  
I'm always thinking of you  
even if I don't want to  
In more ways that I can count  
I didn't mean to let you go  
should be the first one  
to let you know  
change your mind  
and let me (...) just one more time  
It doesn't have to be this way  
We can stop fighting  
and wake up in your place  
or I could go  
leave it to chance and just let this go on And when we are in the future  
One millions miles away  
And we start to reconsider  
what now belong to yesterday  
This whole life is moving fast for me  
Is it for you the same?  
and do you dream? And when you do  
Do you wake up saying my name? You can be who you want to  
And you can see who you want to  
And there's nothing I can tell you know  
except that I am always thinking of you  
and even when I don't want to  
in more ways that I can count 'Cause  
I didn't mean to let you go  
Should be the first one to let you know  
Change your mind And let me (...) just one more time  
It doesn't have to be this way  
We can stop fighting and wake up in your place  
I could go leave it to chance and let it go 'Cause

We were only childrens still deciding who to be I remember following you hoping you'd look  
back at me  
But then a band became my life  
And you heard California is nice  
and we got older  
like people do  
I didn't mean to let you go
