

# Poolside Manor

88rising, AUGUST 08 & NIKI

Write your name on it like Casanova  
Do it wit' yo hands, don't take them off  
Know you like to swim inside the ocean  
But let me show you how we live it upOooh, ah  
Let my waist be your guide  
Let my wind take ya  
With the sun in your eyes  
See my heart chase, chase it  
Know it feels amazin'  
Chase, chase it  
At our poolside manor  
At our poolside manor  
Only me and yours in my cabana  
Lunch box filled with everything we need (yeah)  
Bottle service going like it's midnight  
Love it when you give me everythingOooh, ah  
Let my waist be your guide  
Let my wind take ya  
With the sun in your eyes  
See my heart chase, chase it  
Know it feels amazin'  
Chase, chase it  
At our poolside manor  
At our poolside manor  
Our wet suits covered in booze  
Hump day feels like the weekend  
We've got no rules, kissing by the pool  
Feels like high school all over  
All over  
At our poolside manor
